Thanks. I've tweaked it a bit to make it easier to find the response to public comments and then promised to make it easier with future postings. Are you in agreement?

Hi Mike,

Below is a slightly revised version of your paragraph. Note that we replaced the comment and link to the IRIS process webpage with a comment/link to the TMBs public comment. If you have questions or concerns, give me a call.

**Subject:** Letter from the American Chemistry Council regarding lack of IRIS Program responsiveness to public comments

Hi Mike,

We've drafted a response to ACC regarding their remarks on the IRIS Program's lack of responsiveness to public comments. Huge thanks to Gina for writing the response...Mary, Lou, and I weighed in and the latest version is attached here. The original ACC letter is also attached.

Thanks,  
Samantha

Nathan,

Can you put this through CMS? Sorry, I dropped the ball on that. We talked today about delegating it to NCEA – either from Vince or from Mike. They are already working on a draft so will hopefully be quick turnaround.

Thanks,

Maureen
